

## NORTHWEST GETS COAL

Operators of Bituminous Mines Get Emergency Orders

CAR SHIPMENT ALSO DIRECTED

Carriers Told to Place Embargo on Shipments Elsewhere

Washington, D. C., July 21.—Operations of bituminous mines in western Pennsylvania, Ohio, West Virginia, Kentucky and Tennessee must provide a winter's stock of coal for the northwest before filing orders to other sections. Acting under new emergency orders issued yesterday by the interstate commerce commission, the railroads serving mines in the states named not only will give priority in the movement of coal to the northwest, but will give preference in the supply of cars for such shipments as well. The carriers also were directed to place an embargo on shipments to any other section should such shipments be offered by the operators.

Under the orders, the railroads will bend every effort to get 23,000,000 tons of coal the estimated requirement of the northwest, to lake ports before the closing of navigation due to ice. To do this, it was estimated, more than 4,000 cars must be dumped daily at Lake Erie ports before November first. The order likewise is expected to avert the threatened coal shortage in central Canada, much of the supply of which section is moved through lake ports. Necessity for the order which merely amends previous orders issued since the coal shortage crisis became acute, was urged upon the commission by a committee named at the recent conference of operators and railway executives and is in line with the plan worked out at the conference.

## PIMPLES OVER FACE AND NECK

Hard and in Blotches. Skin Sore. Cuticura Heals.

"Pimples began on my face and spread all over my neck. They were hard with white heads, and they were in blotches. The skin was sore and many nights I could not rest. My face was disfigured. I suffered for four months. Then I used Cuticura Soap and Ointment, and I used four cakes of Soap and four boxes of Ointment which completely healed me." match at Hendon, Eng., and are confident of winning both team and individual events in the Olympic clay-pigeon shooting. The American running stag and pistol shooting teams have also arrived, and with the rifle team, which is now training at the Coblenz army range, complete the American representation to take part in the shooting events.

The trap shooters, under Jay Clark, finished an easy first at the Hendon shoot, breaking 113 out of a possible 120 targets in the team match and winning five first places in the individual events.

The English team, which finished second at Hendon, will also compete in the Olympic matches together with teams from eight other countries, Sweden, Norway, Canada, Belgium, Denmark, Finland, France and Holland.

All these teams are now in Antwerp which is beginning to take on a crowded appearance.

## SHOULD TIE UP WITH AMERICA

Germany Should Cultivate Close Business Relationship, Says Bernstorff

EXPECT NOTHING POLITICALLY

Because the "War Proved a Disappointment for the United States"

Berlin, July 20 (By the Associated Press).—"All our efforts should be directed toward making our business relations with the United States the closest possible," pleads Count von Bernstorff, former German ambassador to the United States in a new periodical called, Getreue Eckart. He declares that Germany must expect nothing from America politically "as the Americans are tired from an humanitarian standpoint." This, he says, is explainable by the fact that the "war proved a disappointment for the United States."

Von Bernstorff points out that the hanseatics, who had always been able to get on with the Americans, have succeeded in securing American assistance to rebuild Germany's mercantile fleet, and he believes this may develop into some arrangement to obtain raw materials.

After emphasizing the necessity for the Germans to work hard at reconstruction, as they could only pay their debts by labor, the former ambassador forebodes the possibility that American capital and German labor may work together in Russia. As the Americans have had but little experience in Russian conditions, he says, they might be induced to enlist German co-operation there.

Mrs. Maude Gilman and her daughter, Mrs. Carbone, of Boston, sister and niece of Vance Conant, are visiting him.

Mrs. Wilber Freeman has returned to her home in Waterbury. Mrs. Rose Godfrey and daughter, Carrie, who have spent some time at Wellington Titus, have gone to South Royalton.

Bernard Root, who was taken suddenly ill last Tuesday and was moved to Hanover, has regained consciousness and will be home soon.

## NO IMMEDIATE STRIKE DANGER

Railway Workers of Country Will Not Quit Service Now

THEIR LEADERS RESUME CONFERENCE

To Consider \$600,000,000 Wage Increase Granted by Railway Board

Chicago, July 21.—Danger of an immediate strike of railwayworkers of the country apparently has dissipated when the 2,000 representatives of the 16 railway crafts resumed their conference here this morning to consider the \$600,000,000 wage increase granted by the railway labor board in its decision handed down yesterday.

In addition, there appeared to be less dissatisfaction over the amount of the award on the part of the union men.

Yesterday's group conferences extended far into the night without any decision as to acceptance or rejection of the award having been reached. At the close, however, W. G. Lee of Cleveland, grand president of the Brotherhood of Railway Trainmen, emphasized that no immediate strike was in prospect.

"There will be no illegal, outlaw, rebel, sporadic or immediate railroad strike," Mr. Lee said. "Whether the railroad wage award is accepted or rejected, the union action will be concerted and deliberate."

When the grand council met to-day four courses of action were under consideration:

An acceptance of the award under a "protest"—a registration of dissatisfaction over the terms as compared with the original demands;

Acceptance of the award with a provision that preparations for new wage demands be immediately begun, these demands to be filed with the railway labor board as soon as practicable after September 1, the date the roads emerge finally from government control;

Tentative rejection of the award and a recommitment of the strike issue to a referendum of the rank and file; Flat rejection of the awards and an exercise of the extraordinary plenary powers resting in the grand council to wage a strike.

A factor regarded as a favorable feature and one which many believe may have considerable effect if a concerted effort is made toward acceptance of the award was the board's decision to make the increases retroactive to May first. This feature would give the 1,800,000 railway workers a total of approximately \$150,000,000 to be distributed as back pay in lump sums.

While general opinion among the representatives had not crystallized, it was reported that the locomotive engineers and the shopmen had expressed themselves as favorable to acceptance of the decision.

The railway officials accepted the award without complaint but declared that, in order to meet the increases, the roads would need an increase of 18 per cent in freight rates to meet the wage boost. The interstate commerce commission will be asked to spread the increase over both freight and passenger rates.

## LONG TO RUN AGAIN.

Will Seek Democratic Nomination in Massachusetts This Year.

## RETAIL FOOD PRICES INCREASE.

Advance of 2 Per Cent in June and 9 Since Beginning of Year.

Washington, D. C., July 21.—Retail food prices continue to show "a steady increase," according to a survey of the food budget of the average family for June, made public yesterday by the bureau of statistics of the department of labor. An advance of two per cent was noted on June 15 over prices on the same day the month before. This was an increase of nine per cent since the first of the year.

Prices increased in 49 cities under observation and decreased in 12. Increases were four per cent in Boston and Manchester; three per cent in Portland; two per cent in Fall River and Providence, and one per cent in New Haven. The decreases noted were in southern cities.

## WELLS RIVER

Wells River Wins from Lisbon By Hitting Ball.

In a game in which Leavitt was knocked from the box, Wells River won by a score of eight to four. Seven errors by Wells River gave Lisbon her four runs. Brown allowed only three hits and should have shut out the opposing team. He pitched one of his best games. Mention should also be made of Stinson, who caught in great form. Four hard hits, coupled with two bases on balls, gave Wells River seven runs in the fifth, after two men were out.

George Lantano, who lived in Wells River for several years, was a visitor in town last week. George has only recently returned from France, having served 31 months in the New York Central railroad unit. He expects to take back his old job on the New York Central as soon as he gets his discharge.

Two motorcycles came together last Sunday morning, while making the turn onto the bridge in front of the residence of Judge Baldwin. The out-of-state machine was clearly to blame and it also suffered the most, having a broken frame and front wheel, while

the Vermont machine escaped any particular damage.

Work on the steel bridge that is to replace the present wooden bridge on Water street and which carries the Montpelier and Wells River railroad over the street, was begun last week. The road is to be widened and a deck style of bridge put in. Last Friday a man by the name of Blossom, boss carpenter on the White mountain division, was severely injured when a splinter from a pile that was being driven struck him in the face. He was taken to the hospital, where the wound was dressed. It will be several days before he will be able to resume work.

R. E. Farwell and family, who have been spending some time at Brewster, Mass., returned to their home last Saturday.

Raymond Stanley and wife were recent visitors at the home of his father, David Stanley. They are now located in Massachusetts.

Mrs. Rexford and son, Oscar, have been spending several days at the home of A. N. Whitelaw.

Dr. Thomas and family motored to Portland, Me., last week, where the doctor attended a meeting of a veterinary society. Mrs. Thomas and son will spend a few weeks at Old Orchard.

Mrs. Carrie Richer Warren is taking an extended automobile trip with friends through the province of Nova Scotia. She expects to be absent from Wells River during July and part of August.

Dr. Perry was called to Boston, Mass., last Friday. He made a flying trip, returning Saturday in the night. J. A. Moore and family motored to Newport, N. H., last Saturday evening, returning Sunday. Miss Lillias Moore will spend a week with her sister, Mrs. Cody, of that place, while Mrs. Cody's two boys returned for a week's stay with their grandparents.

Last Saturday a truck from Hanover to South Ryegate went through the bridge just west of the village. The truck was loaded with stone from the Cummings Construction Co., and was going to South Ryegate to have the same cut over. It smashed completely every plank in the temporary bridge.

Howard Grey, a former resident of South Ryegate, and who has many friends in Wells River, spent a few days at the home of his sister, Mrs. Luella George.

Lyndonville was decisively trimmed by Woodsville last Saturday by the score of 15-1. After beating Woodsville by the score of four to two the preceding Saturday, the resulting score did not appeal to the large crowd that was present. The St. Johnsbury team, that defeated Woodsville two weeks ago, was beaten by Berlin last week by the score of 16-4. Berlin claims to have one of the strongest teams in this section of the country.

Wells River Midgets won from the

Woodsville Midgets by the score of 13-9. Batteries—Wells River, Sherwin and Eggleston; Woodsville, Conley and Chandler.

The management of the local baseball team wishes to extend to the women of Wells River their thanks for the excellent manner in which they have supported the boys at all the home games. If the men would take as much interest in the team as the women there would be no question of the support that they could get. At the present time the boys themselves do not feel like playing the game they could if they knew that the entire town was behind them instead of making light of every game they play. Great credit should be given Mr. Vincent for trying to run a team under these adverse circumstances.

Oscar Lyons, who is employed in the candy factory of Liggett in Boston, is visiting at the home of his parents, Mr. and Mrs. F. A. Lyons.

L. D. Smith, H. T. Baldwin, R. E. Farwell and families motored to Caspian lake, where they spent the week end.

## RANDOLPH

Miss Florence Neill, daughter of Mr. and Mrs. E. Neill, and a trained nurse with headquarters at Springfield, was in town over Sunday with her parents, and Monday went to South Royalton to visit her sister, Mrs. Clifford Aslyn, before returning to her work.

Mrs. M. T. Merrill was in town on Monday to visit Mrs. Lottie Clough at the sanatorium, who has been very ill there. It is now thought that she is out of danger and will make a recovery.

The Epworth league of the Methodist church gave an entertainment, with a reader and musical program, Monday evening. There was a fair attendance.

Mr. and Mrs. E. S. Rood of Boston and Mrs. C. D. Sanborn of this place are at the Rood farm near Gayville, and on Sunday were in town for a short stay.

Mrs. Orinda Cole, who has been passing several months with Mrs. Jehiel Williams, who has been taking care of her, is now with her sister, Mrs. William Curtis, for a time.

The executive committee of the Red Cross has arranged to conduct a playground at the Viall-Alumni field for a time and await the results. This will be equipped with a swimming tank, which it is hoped will be ready for use this week, bath house, swings, teeter-boards, and other attractions. The lady instructor, Catherine F. Smith, from Cambridge, Mass., arrived here the first of the week to take charge of the same. Miss Smith has had previous instruction and is prepared to make the beginning of this experiment a success. Monday there were between 50 and 60 present, who seemed to enter
